13 - 15: Lunch buffet near our workspace and free time  
15 - 18: gallery visit in the center to a textile exhibition, possibility to have diner together somewhere in town (this is a suggestion which you can decide to join or not).

#### **FOOD**

We will provide lunch on workdays!

On thurs/mon/tues/wed, we eat at a community center that offers a lunch buffet of soups, salads, bread, egg, tea etc. This place is within walking distance of our workspace and the hotel. On friday and saturday we will have a catered lunch at our workspace.

The food is vegetarian with gluten- and dairy free options.

At Bureau Postjesweg (BP), cooking is definitely possible, but there is no fully equipped big kitchen. Rather it is an arrangement of hotplates, an oven, enough pans and pots, plates, fridge, freezer etc.

A good idea for the ones that stay for dinner at BP would be to have one or two people cooking a meal for all four of you. Supermarkets are close by and there are also places around where you can eat. You can have also breakfast here, unfortunately there is only one key
